Mr. Ful Kumar Lalwani was invited to be our guest speaker by our vice president Dilli Ram Giri, Mr. Lalwani was Past national president of Jesis Nepal then he was also former District Governor of Lion District in 1988. He was wonderful motivational speaker, he said we all have to be proud to be Rotarians which is a Noble Global Organization and we have to be proud to serve above self. As he think this kind of organization is needed in developed countries then in our country because people are in high-tech now but they need high -touch. In this respect developed country needs more members than other countries. In his opinion Fellowship is also service. Giving Feeling/Sharing feeling is also great service which can heal many people's levels of depression.
